#### Overview

TimeCheck is an enterprise grade web-based software with robust features to simplify Time and Attendance tracking process. It adapts to any organizations business needs & helps managers to track employee attendance accurately against the approved leaves & allocated shifts. This insight data helps them to arrive at employees' assigned work hours & overtime. It provides comprehensive solution for improving business productivity and also ensures on-time payment of salaries, when integrated with payroll software.

#### Awards & Accolades

Our attendance tracking software TimeCheck is honoured at CeBIT Australia as a finalist in Business Advantage Award category for the immediate and outstanding business benefit it provides to user.
